

12 Key Reasons why U.K. chose to leave E.U.

Print-friendly version

01. For Democracy

Laws which impact the people of this country should be made by our 650 elected Members of Parliament, not by 28 none-elected E.U. Commissioners.

02. To Return British Sovereignty

The decisions our elected Parliament makes must be final, these decisions shouldn't be overruled by the E.U.

03. For Our Farmers

The UK will be able negotiate trade deals with growing markets in Asia and South America to reduce tariffs on British producers, and introduce our own Common Agricultural Policy to suit U.K. farmers.

04. To Save Money

The U.K. gives £20 billion in gross contributions to the E.U. every year. When the rebate is taken into account we give the E.U. £10 billion net per year. This is money could be spent in the U.K. on our schools and hospitals etc.

05. For Our Fisherman

The E.U.'s Common Fisheries Policy has destroyed the U.K.'s fishing industry, this must be abolished.

06. To Have a Fair Immigration System

We should not have an open-door immigration policy with the E.U. Which unfairly discriminates against people from non-E.U. countries.

07. For Our National Security

Peace in Europe has been secured by N.A.T.O. and not by the E.U. The E.U. has undermined N.A.T.O. putting this country in danger. We must ensure this alliance remains strong.

08. For Trade with the World

The U.K. is unable to strike its own trade deals with other countries around the world due to E.U. membership. It is time to engage with the world.

09. For Small Businesses

Small businesses are unfairly impacted by excessive E.U. regulations which are created to help large multinationals. We should cherish our small businesses and allow them to flourish.

10. To Stop T.T.I.P.

The E.U. is currently and secretly negotiating the T.T.I.P. agreement with America which could lead to the privatisation of our N.H.S. We love our N.H.S. and want to see it thrive.

11. For Our Safety

The E.U. prevents the U.K. from deporting foreign criminals. If you commit a criminal offence in this country or have a criminal record you are not welcome here.

12. Because We Are British

There is no such thing as European identity, we are British and proud of it.
